TRASH COLLECTION

Containers: The Town does not supply trash containers. Residents are free to use whatever containers they choose as long as they weigh less than 50lbs when full (drivers manually lift containers). Residents may also place bags curbside. Trash in barrels must be bagged; no loose trash. Please do not use paper yard waste bags or contractor bags for curbside trash collection.

Limits: Household trash is limited to 4 bags or barrels, no more than 50lbs each, or the equivalent of 135 gallons maximum per residence. NO "business" trash accepted.

Bulky Items: Residents are also allowed one bulk item per week as part of their regular trash service. Please see page 3 for more details.

Bundled Branches: Residents' twigs/branches are allowed in the weekly trash pickup, (subject to limitation of 3-4 bundles). Please see page 3 for more details.

The following **CANNOT** be put curbside for trash collection:

- Construction/Demo Debris
- Appliances/White Goods
- TVs and Electronics
- Treadmills
- Oil Based Paint, Varnishes, Solvents
- Hazardous Waste (see Page 9)
- **Wet** Paint/Cans (see Page 3)
- Yard Waste (a separate collection - See page 3)
- Lawn Mowers/Snow Blowers
- Recyclables
- Lead Acid or Lithium Batteries
- Items Containing Mercury

See page 8 for more details on Mercury and Batteries

.....
• **PAINT:** Please see page 3 for details on what is allowed curbside and what must be brought to
• a Household Hazardous Waste Collection.

CURBSIDE

ITEMS WITH SPECIFIC PREPARATION/CONSIDERATION

BULKY ITEMS

Residents are allowed ONE bulky item per week with their regular household trash. Bulky items include, but are not limited to: sofas, loveseats, chairs, recliners, armchairs, mattress and box-spring sets, tables, desks, bookcases, carpeting.

**Treadmills are NOT considered a bulky item*

**Construction Debris is NOT considered a bulky item*

CARPETING PREPARATION:

Carpet must be cut into 3'-4' widths, rolled then taped or roped together and each bundle must weigh less than 50lbs. Loose carpeting will not be accepted.

****One Room Carpet = One Bulky Item****

Area Rugs - Please roll up and tape - Rugs must not be longer than 7ft in length

GRILLS

Freestanding grills can be put out as your one bulk item. Propane tanks, charcoal or any other **Fuel must be**

PAINT

Latex, acrylic, or any paint that specifies it can be **cleaned with soap and water** is accepted with your trash if **completely dried:**

- Remove cover and allow paint to dry
- Place stick inside can and stir occasionally to eliminate skin formation and to aid drying time
- For faster drying add kitty litter or commercially available drying agents to paint
- **Cover must be removed when placed curbside** so that the dried paint is visible

See page 9 for oil based paints and varnishes

SMOKE DETECTORS

Smoke detectors can be disposed of in your **trash. Please do not bring to HHW or CRT collections.** Return to Manufacturer for recycling.

BUNDLED BRANCHES

Twigs/branches are allowed in the weekly trash pickup, (subject to limitation of 3-4 bundles) and must be bundled with tape or rope as follows:

- Up to 6" in diameter
- 50lbs or less
- up to 4' in length
- No foliage

***Do not put in bags**

CHRISTMAS TREES

Christmas Trees will be collected the same day as trash collection as your weekly bulk item (one per week)

- Please remove all decorations and place tree curbside with your regular trash
- Trees over 7' in height must be cut in half
- Trees frozen in snow banks will not be picked up
- There are no start/stop dates for collecting trees

Note: The holiday season results in the highest trash volume of the year. Trash must take priority over trees if volumes, weather or other factors threaten the completion of daily trash routes. Trees left will be picked up at a later date.

RAW WOOD (Untreated)

Raw wood consists of any unused, untreated wood product free of paint, stain, varnish, nails, screws, etc. Removing nails does not return it to raw wood. No plywood, pressure treated wood or fences of any kind. The specifications for bundling raw wood are the same as bundled branches (see specifications above).

CURBSIDE LEAF COLLECTION - SEASONAL

YARD WASTE

Curbside leaf collection will occur for 6 weeks in the fall and 6 weeks in the spring:

FALL - The 5 weeks before Thanksgiving and one week following Thanksgiving week. **NO collection during the week of the Thanksgiving holiday**

Leaves accepted **ONLY** if:

- In open barrels or -
- Brown paper leaf compost bags
- Each bag/barrel weighs 50lbs or less
- **NO PLASTIC BAGS**
- No rocks, stones, stumps or branches

Did You Know - Andover has a compost site that accepts leaves, grass clippings and brush? View page 9 for more information!

SPRING - The 5 weeks before Memorial Day and the week of Memorial Day. Please see Pages 6 & 7 for the calendar

Please Note:

- The leaf collection truck is a **separate truck** than the household trash truck
- During high volume weeks, collections can sometimes fall behind. Please **leave your bags/ barrels curbside** until they are collected to avoid a missed pickup

CURBSIDE RECYCLING COLLECTION

SINGLE STREAM RECYCLING (*Residents may also separate materials if preferred for organizational purposes*) Allowable items of Mixed Paper, Glass, Plastic and Metals may be combined in a Blue Bin or personal container(s) with Red Recycling Stickers (see below). **PLASTIC BAGS ARE NOT AN ACCEPTABLE CONTAINER.**

Containers: Blue, 18 gallon Recycling Bins may be picked up at the Municipal Services Facility located at 5 Campanelli Drive. Please call before traveling to this location to schedule a pickup. Larger personal containers (such as a 30 gallon trash barrel) or wheeled carts may be used, **with total weight less than 50lbs each** and Two (2) Red Recycling Stickers on the outside. Red Stickers may also be obtained for free. See page 1 for contact information.

Limits: There is NO LIMIT on curbside recycling but each container or bundle must weigh less than 50lbs

Cardboard: Please break down, remove any tape or packing materials, flatten and fold boxes, cartons & other pieces of cardboard into **3' x 3' x 2' bundles** (must weigh less than 50lbs), then tie or tape them together & place next to your bin. ***Boxes not broken down will NOT be picked up.**

See page 2 for curbside regulations

Recycling Update

**Cartons and frozen food boxes are no longer acceptable in recycling.
Please place these items in your trash.**

Why are these items not acceptable? Cartons and frozen food boxes have a thin layer of polyethylene (plastic) coating that prevents them from being recycled in a single stream environment. These items, once sorted at most Materials Recovery Facilities (MRF) are being disposed as trash, after going through the recycle process at a higher cost.

The Massachusetts Department of Environmental Protection (MassDEP) has launched the Recycle Smart program to identify what items are and are not acceptable at MRFs across the state. The most significant issue with recycling is that too many of us are putting things in our recycling bins that cause problems at recycling facilities. Recyclables are a commodity and are subject to the laws of supply and demand. Less demand means lower value. All of this has a financial impact on local communities.

Please stick to the list and only place approved recyclable items in recycling bins or carts. Are you confused about what belongs in your bin and what doesn't? As a general rule, remember: bottles, cans, jars, jugs, and paper. For all others please check the Guide, the Recycle Smart lookup linked below or place in your trash.

****Attention - PLEASE KEEP THESE ITEMS OUT OF YOUR BIN!****

To avoid contaminating truck loads, recycling is subject to rejection at the curb

- Any Item Marked #6
- Any Carton (milk, juice, soup)
- Pizza Boxes
- Any Item With Food Residue
- Shredded Paper
- Plastic Bags, Wraps or Pouches
- Foods and Liquids
- Hot Coffee Cups (all types)
- Garden Hoses, String Lights, Ropes or other "Tanglers"
- Clothing or Linens
- Napkins, Tissues, Towels or Wipes
- Compostable Plastics (PLA7)
- Anything 2" or Smaller

Do your part...

If you are not sure if a particular item belongs in the bin, use the MassDEP's recycling lookup tool at:

recyclesmartma.org

If you are still not sure, find a discrepancy or still have questions, email us at Recycle@AndoverMa.us

Save Water

Water is a finite resource – even though about 70 percent of the Earth's surface is covered by water, less than 1 percent is available for human use. Despite the water supply and infrastructure challenges faced by many communities across the US, each American uses an average of 88 gallons of water each day at home. Reduce, Reuse, Recycle isn't just for trash and recycling, these practices can help conserve water too. Please do your part to save water at home, inside and out.

View AndoverMA.Gov/SaveWater for more information.

Help Keep Our Storm Drains Clean

The Town is continuing to implement a Stormwater Management Program to improve water quality by reducing the discharge of pollutants from storm water runoff into local storm drains, rivers, ponds, streams and other receiving waterbodies. The following information is provided as part of the Public Education component.

ILLICIT DISCHARGE DETECTION AND ELIMINATION

What is an illicit discharge?

An illicit discharge is the discharge of pollutants or non-stormwater materials into a storm drain system via overland flow, direct dumping, or illegal connections. Illicit discharges may be a result of industrial activity, deposits of oil on parking lots, excess lawn fertilizer and yard clippings, and a variety of other sources which pollute water with turbidity, excess nutrients, and bacteria. Illicit discharges can also be from failing septic systems or improperly connected sewer lines. Dumping anything other than stormwater into a storm drain allows these pollutants to enter lakes and streams causing public health concerns, harm to wildlife, and unpleasant odors or color. Developing an illicit discharge detection and elimination program (IDDE) to find and eliminate these sources is mandated by the US EPA under the Municipal Separate Storm Sewer System (MS4) Permit.

Sources of Illicit Discharges

- Sanitary wastewater (sewage)
- Septic tank waste or overflows
- Car wash, laundry, and industrial wastewaters
- Improper disposal of auto and household toxics, such as motor oil, antifreeze, and pesticides
- Spills on roadways and other accidents

How can you help?

- Never dump anything down a storm drain
- Dispose of yard and pet waste properly
- Avoid excess use of pesticides and lawn fertilizers
- Wash your car at a car wash facility
- Make sure sanitary, laundry, carwash, and industrial wastewaters do not drain to the storm drain system
- Have your septic tank pumped and inspected at least once every two years

Contact the Engineering Dept. @ 978-623-8770 to report any unusual storm drain flows that have a noticeable odor, discoloration, or oily sheen. Visit AndoverMa.Gov/Stormwater for more information
